Opening Prayer Circle at Monday Sewing Seeds of Faith.

Sewing Seeds of Faith (SSOF)

"The goal of the Women of the Way's Sewing Seeds of Faith Program has always been and continues to be: to share the Gospel by developing relationships through teaching sewing skills to ethnic women from the surrounding area.

After doing missions work for the past few years, I am now focusing on having fellowship with my students and discipling our women to be disciple-makers. This person-to-person approach focuses on teaching them to help one another in learning sewing and sharing resources for improving their family's daily life and developing their future here in the U.S.A.

Learning to sew has taught them more than a skill, these women are also learning to interact and befriend people from many other cultures. This type of fellowship is new to them. We delight in seeing our women share their habits, food and customs lovingly.

God has brought them to DOW's SSOF program and the women grow in grace daily. I am blessed to experience their growth and progress while having fun teaching new skills. Jesus exalts us to make disciples. I share my knowledge of sewing and through my relationships, I am able to share my faith as well. The women are honored that we share with them and visit their homes. This enables us to share joys and face challenges together."
